

Q: Who administered the spring 2016 teacher and student surveys? What were the response rates and sample sizes for both the teacher and student surveys in spring 2016?

A: The initial evaluator administered the Spring 2016 surveys. The response rates and number of respondents in each case were as follows:

	Percentage of schools with teacher survey responses (of randomized schools)	Percentage of schools with teacher survey responses (of active schools)	Number of schools that returned teacher surveys	Percentage of schools with student survey responses (of randomized schools)	Percentage of schools with student survey responses (of active schools)	Number of schools that returned student surveys
Treatment	53.3%	73.5%	72	58.5%	80.6%	79
Control	52.6%	66.4%	71	54.1%	68.2%	73
